

## ClearShield patent

Only ClearShield's patented one-piece stainless-steel technology offers outstanding visibility, that won't obstruct your views or darken your home.

It is the clear secure alternative to unsightly woven wire and cheap aluminium products.

**"Let's start by shielding your home, not your view".**

## Just to be clear, **ClearShield** offers

- ▶ Australia's ONLY perforated stainless steel security product
- ▶ Typically doesn't require ugly midrails or screw fixings
- ▶ Outstanding visibility
- ▶ Modern aesthetically enhancing Award Winning Design
- ▶ Passed all relevant Australian standards
- ▶ Easy to clean and stays cleaner for longer.

**"It's why I'm proud to stand behind ClearShield, an Australian company that is leading the world with quality security screen solutions for your family".**

## Now let's talk **security**

ClearShield is a world leader in security screen solutions.

Every ClearShield screen is made from a single sheet of the highest quality stainless steel with holes punched by a 600 ton press.

ClearShield products are independently tested and have passed all **Australian Standards**.

ClearShield commercial grade products also use our uniquely designed framing to enhance aesthetics and maintain superior strength.

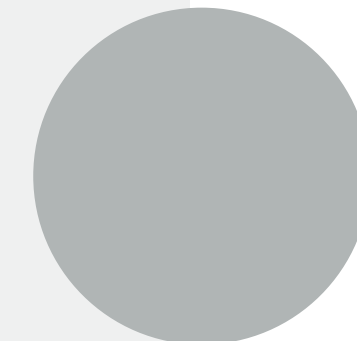

## ClearShield awards

Every single sheet of ClearShield screen adds a clean modern look to your home or project, and it is made to be luxuriously smooth to your touch and incredibly easy to clean.

It's no wonder we have been awarded multiple **Good Design Awards**.

**“A winning combination of very low maintenance and very high aesthetic appeal”.**

## ClearShield technology

A range of exclusive home and commercial products has been developed for ClearShield one-piece stainless steel technology, including:

- Security Doors
- Security Screens
- Emergency Exit Screens
- Fire Screens
- Patio Enclosures.

## Innovative Security

ClearShield Emergency Exit Screens enables occupants of a home or building to easily exit in case of an emergency.
