

A modern living room interior featuring a white sofa, a wooden coffee table, and large windows with roller blinds. The room is bright and airy, with natural light streaming in from the windows. The sofa is adorned with patterned cushions and a throw blanket. The coffee table is made of dark wood and holds a small vase with dried flowers and a bowl of fruit. The floor is covered with a light-colored rug.

Roller Blind Motors just \$250*

Motorise your blinds for just \$250 - 5 Year Warranty

Why not enjoy the convenience of motorised roller blinds? Customers ordering new roller blinds can upgrade to motorisation for just \$250 per blind.

Motorised blinds are incredibly convenient, using tried-and-proven technology to take the effort out of everyday living. Say goodbye to heavy lifting and let the motor do all the work at the touch of a button.

Our DC motor system means there's no wiring. Simply charge the battery as little as every 6 months.

Need more power?

For larger windows or heavier sunscreen fabrics, we recommend upgrading for an additional \$40 per motor. The larger motor can effortlessly raise and lower blinds up to 3300mm wide.

The charger & remote controller are bundled together for the low cost of \$150. Our remote controller can operate as many as 20 blinds in up to 6 groups - let our friendly team explain how a remote can make all the difference in your home. Charging is a simple - Just plug in a USB-C cable.

INSIDERS TIP.... we recommend you simply plug in a power bank to charge your motors! **It's so EASY!**
